

Seventh International Conference on Networked Sensing Systems

June 15 - 18, 2010 // Congress Palais // Kassel, Germany

INSS 2010 – www.inss-conf.org

Call for Demo and Posters

Demonstrations and posters are able to facilitate vividly latest research results, creative ideas and innovative applications. Our experiences from recent INSS conferences revealed that they promote intense and fruitful discussions with interested participants from industry and academia to exchange knowledge, novel methodologies, new concepts and new perceptions directly. The wide range topic of sensor network related research includes e.g. sensor technology, hardware platforms, networking, security, middleware, applications, programming and architecture, but is not limited to them. Submissions from both industries and universities are encouraged.

Posters and Demos Submission Instructions

In case a demonstrator of your sensor network and/or computer hard- and software is available and adequate for transport, we invite you to submit a short paper (max. 4 pages) for a Demo presentation. In case a demonstrator is not available or not adequate for transport, we invite you to submit a short paper (max. 2 pages) for a Poster contribution.

Please send your paper including the description of your demo in PDF to Dr. Michael Schwarz (info.rs_1@uni-kassel.de) and send your paper including the description of your poster in PDF to Sabrina Schudy (Schudy@ina.uni-kassel.de) with the subject line reading **"INSS Demo Submission"** or **"INSS Poster Submission"**.

Posters and Demos Presentation and Publication Information

Accepted Demo and Poster contributions will be presented in a separate session.

In addition, we invite conference participants giving oral presentations to present a Poster or a Demo, in addition. This will promote additional intense discussions on those topics. Short papers of accepted Demo and Poster contributions will be published in the conference proceedings. Participants giving already an oral presentation and which have registered for a Poster or Demo presentation in addition, do not need to submit a second paper. These

participants register for a Poster or Demo by an e-mail to the demo/poster chairs (Schudy: Schudy@ina.uni-kassel.de; Schwarz: info.rs_1@uni-kassel.de)

A demo contribution consists of a poster and a table with the demonstrator in front of the poster. Electric power supplies (230V, 50Hz) are available. For additional requests, please contact the Demo/Poster chairs.

Short papers of accepted demo and poster contributions will be published in the conference proceedings.

Important Dates:

Submission deadline (max. 2 pages for poster / max. 4 pages for demo): March 1, 2010

Notification of acceptance: April 5, 2010

Conference dates: June 15 - 18, 2010
